Click “Add Experience” and continue by selecting an appropriate experience category

Experience Types

Designed to include all leadership and/or involvement experiences a UW Madison student may have

Students are able to record:

Experience Descriptions

Self Composed Reflection on Experience

Dates

Important Contact Information

...and more!

Customizing your L&I Record

Hiding Experiences

You can also customize your L&I Record by hiding various experiences. Click on the "Change Layout" button, and this screen will appear. Simply click "Hide" next to the experiences you want to hide.

The screenshot shows the 'L & I Record' interface for a user named LAUREN LYNCH. At the top, there are navigation links for 'My Involvement', 'My Shortcuts', and 'Messages'. A red arrow points to the 'Change Layout' button. Below this, there are buttons for 'Print', 'Create PDF', and 'Save'. The main content area features the University of Wisconsin logo and a list of experiences. A 'Change Layout' dialog box is open, displaying instructions: 'Each of the items below represents a section on your L & I Record. You may change the order in which each section appears by clicking on and moving the section title. If you do not wish to include a section on your L & I Record at all, simply set it to "Hide".' The dialog lists two sections: 'Areas of Leadership and Involvement' and 'Events'. Each section has a 'Show' button and a 'Hide' button. A red arrow points to the 'Hide' button for 'Areas of Leadership and Involvement'. Below the dialog, the user's name 'LAUREN LYNCH' and birth date 'August 7, 2013' are visible. The 'Areas of Leadership and Involvement' section is expanded, showing 'Center for Leadership and Involvement' with positions held from 9/10/2012 to Present, and 'National Society of Collegiate Scholars - UW-Madison Chapter' with a position held from 7/28/2013 to Present. A 'Service Hours' checkbox is also visible.

Printing your L&I Record

Once you have customized your L&I Record, you can print the document to serve as a supplement to an application or résumé. Click on the “Print” button to print your customized version.
